

WESTON

BY WADAN

designed for the
rhythm ahead

The background image shows a modern, multi-level interior space, likely a residential or commercial building. It features curved balconies with glass railings and warm, ambient lighting. The architecture is sleek and contemporary, with a focus on clean lines and a warm color palette. The lighting is soft and warm, creating a cozy and inviting atmosphere. The balconies are illuminated from within, and the overall design is minimalist and sophisticated.

An aerial architectural rendering of a city development. The scene shows a complex network of roads, including a multi-lane highway on the right and several roundabouts. Numerous buildings of varying heights and styles are scattered throughout the landscape, interspersed with green spaces and trees. A large, semi-transparent dark rectangle is positioned in the upper-middle section of the image, containing the text 'WESTON' in a large, white, serif font, with 'BY WADAN' in a smaller, white, sans-serif font below it. A large, 3D-style orange location pin is placed on a building in the center-right area of the development.
